Very glad it worked out!

Happy to help,
Escott

Noah and Escott,

Thank you both for helping us identify and secure the location for our big public event in April. We were able to secure the Los Angeles Theater for the event!!

We appreciate your support and partnership and will provide you more details about the event as the date approaches. As we've mentioned, the highlight of the event will include design presentations from each of the 4 finalists in our competition.

With gratitude,

EDU

PS...see you soon
